PROFESSIONAL EXPERIENCE

Coder Foundry, Web Software Engineer

Kernersville, NC · February 2017–May 2017

- Created a personal portfolio and blog website using C#, MVC5 and JavaScript.
- Created a fully functional MVC bug tracker web application, from scratch, implementing enhanced security and file uploading features.
- Created a fully functional financial portal web application using .NET MVC framework. Composed dynamic front-end design using partial views and AJAX.
- Created a fully functioning mobile vehicle information application using Xamarin. Accessed NHTSA's car recalls database using WebAPI2. Included images using Bing's Cognitive Image Search API. Built RESTful APIs and utilized Azure App Services.

AT&T Authorized Retailer, Store Manager

Kernersville, NC · September 2013–January 2016

- Responsible for overall business results and coaching employees.
- Reached Battleship status within the first year. That is reaching 250+ activations/upgrades for 6 months straight. Store was averaging 90 when I started in September of 2013.
- Increased 200% YOY metrics from September 2013 to present and still growing.

Best Buy, Sales Manager/Mobile Manager/Geek Squad Manager

Burlington, NC · October 2002–September 2013

- Responsible for coaching and training employees on everything from cell phone activations to selling skills and new technology.
- Coached and trained 13 to 65 employees on subjects such as basic computer setup, software installation, virus removal, advanced computer setup, diagnostics and repair, selling our services, and new technology.
- Separated from Best Buy for two years to broaden my horizons with my own Mobile store and then returned to manage.

T-Mobile, Mobile Manager/Geek Squad Manager

Winston-Salem, NC · July 2009–September 2011

- Responsible for coaching employees and for overall business results for \$1.5 million store.
- Supported sales reps in opening new accounts and upgrading existing services.

EDUCATION

Guilford Technical College

Jamestown, NC · 2000
